**Must Notify the Building Dept. 24 hours prior to all inspections in case Building Dept. wishes to conduct an audit.**

I have elected to use one or more Private Providers to provide building code plans review and/or inspection services for the building or structure that is the subject of the enclosed permit application, as authorized by Section 553.791, Florida Statutes. I understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with

the applicable codes, except to the extent specified in said law. Instead, plans review and/or required building inspections will be performed by licensed or certified personnel identified in the application.

The law requires minimum insurance requirements for such personnel, but I understand that I may require more insurance to protect my interests.

By executing this form, I acknowledge that I have made inquiry regarding the competence of the licensed or certified personnel and the level of their insurance and am satisfied that my interests are adequately protected. I agree to indemnify, defend, and hold harmless the local government, the local Building Official, Assistant Building Official, and their building code enforcement personnel from any and all claims arising from my use of these licensed or certified personnel to perform building code inspection services with respect to the building or structure that is the subject of the enclosed permit application.

I understand that the Building Official retains authority to review plans, make required inspections, and enforce the applicable codes within his or her charge pursuant to the standards established by Section 553.791, Florida Statutes. If I make any changes to the listed Private Providers, I shall, within one business day after any change, update this Notice to reflect such changes. The building plans review and/or inspection services provided by the Private Provider are limited to compliance with the Florida Building Code and do not include review for compliance with fire safety, land use, environmental or other codes.

The following attachments are provided as required by Section 553.791, Florida Statutes:

1. Qualification statements and/or resumes of the Private Provider and all duly authorized representatives.
  2. Proof of insurance for professional and comprehensive liability in the amount of \$1 million per occurrence and \$2 million in the aggregate for any project with a construction cost of \$5 million or less, and \$2 million per occurrence and \$4 million in the aggregate for any project with a construction cost of over \$5 million, relating to all services performed as a Private Provider. Said insurance includes tail coverage (Extended Reporting Period) for a minimum of 5 years subsequent to the performance of building code inspection services. For detailed, current requirements refer to FS Section 553.791(16).
- Private providers must be architects, engineers or hold a standard certificate as stated in Part XII of [Florida Statutes Chapter 468](#). They also must use licensed plan reviewers and inspectors.
  - The plans review and inspection services provided by private providers are limited to building code compliance. Services can not include review for fire protection and fire safety codes, site work, public works, land use, zoning, floodplain, environmental, appearance review or other applicable codes.
